

Imaging Order Guide

Medicare guidelines require explicit written and signed provider orders. This guide was created to assist you in ordering and authorizing exams accurately. Please obtain insurance authorizations before sending orders for imaging studies.

Contact our Scheduling Department with questions regarding orders.

NOTE: This booklet does not include specialized exams performed by our Interventional Radiology Team. For questions regarding Interventional Radiology exams and scheduling, contact the IR Coordinators at 541-312-5522.

GENERAL X-RAY - Standard Views

If you have questions about ordering an x-ray, contact our Scheduling Department at 541-382-9383. Fax orders 541-382-6635. It is helpful if a patient hand carries a copy of their order.

General x-ray services are provided at our three outpatient clinics. Specialized general studies that require stitched films are performed only at our East Bend Clinic (Medical Center Drive).

MRI/MAGNETIC RESONANCE IMAGING

If you have questions about ordering an MRI scan, contact our Scheduling Department at 541-382-9383. Fax orders 541-382-6635.

Consultation of Clinical Decision Support Mechanism is required to determine if advanced diagnostic imaging services (CT, MR, Nuclear Medicine, PET) adheres to Appropriate Use Criteria/Clinical Decision Support. Order must include Decision Support Number (DSN), G-Code, and Modifier (M-Code).

MRI rarely performs studies with IV contrast only. If you have questions, please contact our scheduling department at 541-382-9383.

Please Document: any special needs on the order, such as a wheelchair, implanted device, or pump (including glucose monitors), or assistance with standing/moving.

Sedation: Oral sedation is not provided by our clinics. IV Sedation or General Anesthesia (GA) are performed at St. Charles Bend and sedation level must be indicated on the order, and H&P included with the order.
